

GLOBE Strategic Plan Progress Report

Highlights from 2018 Data

Implemented by:  UCAR

Data Sources for Monitoring Strategic Plan Progress:

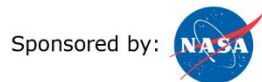

- 2018 GLOBE Community Survey
 - 436 teachers
 - 120 partners/CCs
 - 27 scientists
- GLOBE Training Database
- GLOBE Webanalytics
- Event/registration records
- GLOBE science entry database
- IVSS participation records

Status Symbol	Description	Percentage of Performance Measures
	On target, making progress	30%
	Achieved performance target	34%
	Attention	7%
	Not started, 1 st year collecting data	28%

Implemented by:  UCAR

Education Goals and Performance Measures

Implemented by:  UCAR

EDUCATION GOALS: Materials and Resources

EG.1 GLOBE materials and resources are accessible and useful to the GLOBE community

Measure: % GLOBE community members that access GLOBE materials and resources often

		2018 data	Status
2022 Performance Targets:	35% Science Data Entry	25% Science Data Entry	
	25% Data Visualization	28% Data visualizations	

Measure: Rating of the usefulness of GLOBE materials and resources

		2018 data	Status
2022 Performance Target	Mean value of 3.0 or higher (4.0 pt scale) rating usefulness of GLOBE website for facilitating GLOBE activities	3.3 Planning workshops	
		3.3 Reporting school status	
		3.3 Managing schools and teachers	

EDUCATION GOALS: Professional Development

EG.2 GLOBE's capacity to deliver high quality trainings has increased

Measure: Number of GLOBE trainers available by region (from GLOBE impact metrics)

			2018 Data	Status	
2022 Performance Targets	46	Africa	234	Africa	
	156	Asia and Pacific	269	Asia and Pacific	
	221	Europe and Eurasia	214	Europe/ Eurasia	
	146	Latin America and Caribbean	302	LAC	
	80	Near East and North Africa	51	NENA	
	713	North America	662	North America	

Measure: Number of ****active**** GLOBE trainers available by region (GLOBE database)

			2018 Data	Status	
2022 Performance Targets		Africa	17	Africa	
		Asia and Pacific	62	Asia and Pacific	
		Europe and Eurasia	37	Europe/ Eurasia	
		Latin America and Caribbean	42	LAC	
		Near East and North Africa	14	NENA	
		North America	110	North America	

EDUCATION GOALS: Student Investigations

EG.3 Students develop high quality STEM investigations of Earth systems phenomena

Measure: Number of students developing STEM investigations (based on IVSS project reports)

		2018 Data		Status	
2022 Performance Targets	13	Africa	1	Africa	
	27	Asia and Pacific	27	Asia and Pacific	
	41	Europe and Eurasia	13	Europe/ Eurasia	
	20	Latin America and Caribbean	8	LAC	
	26	Near East and North Africa	31	NENA	
	56	North America	33	North America	

Measure: Average score of rating student investigations using IVSS rubrics

		2018 Data		Status
2022 Performance Target	Mean value of 3.0 or higher (4.0 pt scale) of quality of students investigations using IVSS rubric	4.00	Africa	
		2.63	Asia and Pacific	
		2.46	Europe/ Eurasia	
		3.75	LAC	
		2.06	NENA	
		3.03	North America	

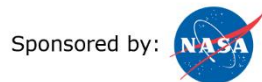

EDUCATION GOALS: Educational Impact

EG.4 Information on GLOBE’s educational impact Is regularly shared by the community

Measure: Number of articles, publications, or presentations shared on the GLOBE website

		2018 data	Status
2022 Performance Targets:	10% increase in the number of articles, publications, or presentations shared on the GLOBE website indicating GLOBE’s educational impact	18 GLOBE-related publications on website	

Science Goals and Performance Measures

Implemented by:  UCAR

SCIENCE GOALS: Scientist Participation

SG.1 Increase participation and collaboration of scientists and STEM professionals

Measure: % participation of scientist and STEM professionals with GLOBE community

		2018 Data	Status	
2022 Performance Targets	60%	Collaborated on a GLOBE-related research project with a partner/teacher or scientist	48%	
	30%	Assisted with student-related GLOBE project	33%	
	30%	Partnered with GLOBE teacher/school	25%	
	10%	Used GLOBE data in their research	8%	
	25%	Participated in “other” ways	16%	

Measure: Number of scientists and STEM professionals who served as judges for IVSS

2022 Performance Target	<i>None defined</i>	2018 Data	Status
		70	

SCIENCE GOALS: Science Data

SG.2 Increase the comprehensiveness of the data in the GLOBE database

Measure: Comprehensive score based on number, consistency and geographical distribution of data entry counts

		2018 Data	Status
2022 Performance Targets	<i>TBD</i> Count of data entries in database	12,653,929	
	<i>TBD</i> Number of users who consistently reported an observation each month	158	
	<i>TBD</i> Number of data entries from unique locations	38,779	
	<i>TBD</i> Number of GLOBE observer data entries	113,200	

SCIENCE GOALS: Science Publications

SG.3 The number of publications and citations using or referencing GLOBE has increased

Measure: Number of publications using or referencing GLOBE data

**2022
Performance
Target**

None defined

2018 Data
18 publications

Status

Measure: % scientists that have published or presented information that referenced GLOBE

**2022
Performance
Target**

20% of scientists report having published or presented information that used or referenced GLOBE data in the past year

2018 Data
8%

Status

SCIENCE GOALS: Science Projects

SG.4 Increase the number of projects focused on environmental awareness and contributing to environmental benefits

Measure: % GLOBE teachers reporting student-related projects connected to environmental benefits

**2022
Performance
Target**

60% of GLOBE teachers report student-related projects connected to environmental benefits in their school

2018 Data
46%

Status

Measure: Number of student IVSS projects focused on environmental awareness and benefits

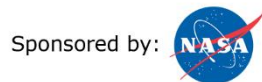

**2022
Performance
Target**

To be determined

2018 Data
83 projects

Status

Community Goals and Performance Measures

Implemented by:  UCAR

COMMUNITY GOALS: Community Growth

CG.1 Expand the GLOBE Community

Measure: Number of new GLOBE members

**2022
Performance
Target**

To be determined

**2018 Data
5,119**

Status

Measure: Number new members from countries not currently represented in GLOBE

**2022
Performance
Target**

To be determined

**2018 Data
4**

Status

COMMUNITY GOALS: Community Growth

CG.2 Increase interactions and collaborations among local, regional, and international GLOBE communities

Measure: % GLOBE community (divided by subgroups) participating in at least one event

2022 Performance Target		2018 Data	Status
	94% of GLOBE community members reports having participated in at least one event	85% Partners/CCs	
		64% Scientists	
		63% Teachers	

Measure: % GLOBE community (divided by subgroups) collaborating on GLOBE projects

2022 Performance Target		2018 Data	Status
40%	GLOBE Partners/CCs involved in collaborations	59% Partners/CCs	
30%	GLOBE Teachers involved in collaborations	60% Teachers	
15%	GLOBE Scientists involved in collaborations	48% Scientists	

COMMUNITY GOALS: Community Growth

CG.3 Increase the geographical representation of countries participating in GLOBE events

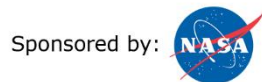

Measure: Number of countries from different regions participating in GLOBE events

**2022
Performance
Target**

2018 Data

Status

Technology Goals & Performance Measures

Implemented by:  UCAR

TECHNOLOGY GOALS: Data Systems

TG.1 The use of GLOBE data systems (data collection, data entry, visualizations, ADAT and retrieval) has increased.

Measure: % GLOBE community members that use GLOBE data systems often

		2018 data	Status
2022 Performance Targets:	30% Science Data Entry	25% Science Data Entry	
	35% Data Visualization	28% Data visualizations	
	33% Advanced Data Access Tool	23% ADAT	

TECHNOLOGY GOALS: GLOBE Website

TG.2 The use of the website to facilitate information exchange and collaboration has increased

Measure: % of GLOBE Community members reporting website “useful” in facilitating information exchange and collaboration

			2018 Data	Status
2022 Performance Targets	60%	GLOBE Community members find website useful for collaborating and communicating with other community members	65%	

Measures: Number of users of the GLOBE website /engagement on GLOBE website

			2018 Data	Status
<i>TBD</i>	Number of Pageviews		2,172,129	
<i>TBD</i>	Number of unique page views		1,567,353	
<i>TBD</i>	Avg time on webpage		1 min 22 sec	
	Bounce rate		55.07%	
<i>TBD</i>	% exit		26.64%	

TECHNOLOGY GOALS: Apps and Mobile Devices

TG.3 Improve the relevance and capability of GLOBE apps and mobile devices to better address the needs of the GLOBE community

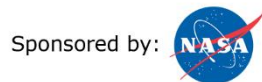

Measure: Avg score rating the relevance of GLOBE apps and mobile devices in addressing GLOBE community members needs

			2018 Data	Status
2022 Performance Targets	Mean value of 3.0 or higher (on 4 pt scale) of <i>ease of use of GLOBE Data Entry App and GLOBE Observer App</i>	3.14	Data Entry App	
		3.3	Observer App	

Measures: Avg score rating the capability of GLOBE apps and mobile devices in addressing GLOBE community members needs

			2018 Data	Status
2022 Performance Targets	Mean value of 3.0 or higher (on 4 pt scale) of <i>reliability of GLOBE Data Entry App and GLOBE Observer App</i>	3.28	Data Entry App	
		3.28	Observer App	

Communication Goals & Performance Measures

Implemented by:  UCAR

COMMUNICATION GOALS: Communication Pathways

CMG.1 Improve the communication pathways among the GLOBE community

Measure: Average score of rating level of satisfaction with GLOBE communication products

			2018 Data	Status
2022 Performance Target	Mean value of 3.0 or higher (4.0 pt scale) rating of level of satisfaction with GLOBE communication products	2.97	Community Blogs	
		2.99	Stars and STEM stories	
		3.14	News Brief	
		3.15	Director's Video Address	
		3.21	GLOBE Annual Review	
		3.25	Community Letter (from Director)	

COMMUNICATION GOALS: International Community

CMG.2 Improve the communication of GLOBE events, activities and achievements from the international community

Measure: % community members providing information of key events accomplishments on a consistent basis

**2022
Performance
Target**

55% of GLOBE community members report that provide information to GIO on events and achievements

**2018 Data
23%**

Status

COMMUNICATION GOALS: International Community

CMG.3 Increase the promotion of GLOBE to new audiences

Measure: % community members who reported sharing information about GLOBE with a new audience

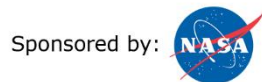

**2022
Performance
Target**

75% of GLOBE
community members
report sharing information
about GLOBE with a new
audience

**2018 Data
65%**

Status
